Work experiences

BigWay | Web Developer (Frontend & Backend)
Remote | January 2025 – Present

Developing web applications for a digital agency.
Ensuring seamless integration between frontend user interfaces and
backend logic.
Working remotely in an agile environment to meet project milestones.

About me

I am a high school student specializing in web development, application development, and economics. I'm dedicated, communicative, goal-oriented, and always eager to learn. My projects have taught me valuable skills and practical experience. There's also a QR code linking to my portfolio.

Web projects

Srdcom i telom - E-shop offering products that combine Christian and sports motifs

Sociometrix - Platform focused on sociometry and classroom relationships

Sloviator - a personalized platform for travelers, businesses and creators
